### Advanced Standing in other TAFE courses (Note: All TAFE courses are AQF credentials)

- 8196 Certificate III in Fishing Industry, Recreational Services

### Who is this course for?

Preliminary and HSC year students

This course is for students who want to work in the recreational fishing industry in the areas such as tackle shops, wholesale fishing equipment outlets and the eco tourism industry including fishing tours and charter boats.

### What is this course about? What will students be doing?

Depending on the range of modules achieved, students will learn basic skills and knowledge to:

- understand and implement recreational fishing industry and legislative requirements, environmental considerations and a range of fishing techniques and equipment;
- interpret and assess weather information and to take appropriate safety precautions for fishing trips;
- promote sustainable fish populations and interpret regulations relating to recreational fishing;
- identify fish species and their habits and habitats in a particular region;
- recognise factors affecting the aquatic environment and identify existing mechanisms for its conservation and management;
- reduce the detrimental effect of work practices on the environment;
- safely catch, catch and release, handle and present common fish species through a range of fishing techniques;
- explain the use of various technical equipment in fresh and salt water fishing.

### Recognition from HSC to TAFE courses (credit transfer opportunities)

As at August 2004, students satisfying credit transfer requirements for PDHPE, Marine Studies CEC or Sport, Lifestyle and Recreation Studies CEC will gain credit for 3223A Senior First Aid in 8195 Certificate II in Fishing Industry, Recreational Services.

Students satisfying credit transfer requirements for Retail industry curriculum framework courses will gain credit for a range of retail units of competency/modules: 8867J Apply Point of Sale Handling Procedures, 8867P Sell Products & Services to Businesses.

Students satisfying credit transfer requirements for Business Studies will gain credit for 8784A Assessing a Business Opportunity.

**Group 1: All modules must be completed**

- Implement minimal environmental impact 8195B 10 3
- Apply basic outdoor recreation logistics 8195C 10 3
- Fishing industry careers 8195G 10 3
- Follow OH&S procedures RTC2071A 8195V 15 3
- Plan for minimal environmental impact 8195A 10 3
- Comply with fisheries management 8195E 20 3
- Use basic skills to catch fish 8195F 40 3
- Plan outdoor recreation activities 8195D 10 3
- Recreational fishing- Practical Skills 8195H 20 3

**Group 2 (Electives): Complete at least 110 hours for Cert II eligibility**

Subgroup 1- At least 80 hours of modules must be completed

- Apply weather information 1844D 15 3
- Senior First Aid + TDMMF1001A 3223A + 18 3
- Marine radiotelephone operation TDMME501A 6272C 15 2
- Casting techniques 8195J 20 3
- Select, catch and use bait 8195K 15 3
- Select, rig and use terminal tackle 8195L 15 3
- Select, use and maintain fishing tackle 8195M 15 3
- Interpret weather for marine environment 8195N 10 3
- Apply point of sale handling procedures WRRCS2B 8867J 21 2
- Sell products and services to businesses WRRS1B 8867P 18 2
- Perform stock control procedures WRR11B 9746T 36 2
- Co-ordinate merchandise presentation WRRM3B 9747G 36 2
- Advise on products and services WRRS2A 9938D 27 2

Subgroup 2- Only 40 hours of modules must be completed

- Fishing techniques-Beach/Rock 8195P 20 4
- Fishing techniques- Impoundment 8195Q 20 4
- Fishing techniques- River 8195R 20 4
- Fishing techniques- Estuary/Bay 8195S 20 4
- Fishing techniques- Blue water 8195T 20 4
- Fishing techniques- Fly 8195U 20 4

Subgroup 3- All modules must be completed

- Elements of Shipboard Safety + TDMMF1101A TDMMF1201A TDMMF701B TDMMF801A TDMMF5302A 8163B + 20 5
- Mooring and anchor handling + TDMMR4301A 8163A + 10 3
- Interaction skills- Maritime + TDMME101A 8165B + 12 2

**Nominal Course Hours** 108 -255

**Additional Information:**

Some modules are available in a flexible learning mode where students can undertake theory modules at school and travel to a Skills Centre to undertake the practical component of the course.

* Students who complete modules 3223A, 8163B, 8163A and 8165B will have completed the requirements for employment as general purpose hands and will be eligible for a Certificate I in Transport & Distribution (Marine Operations).
