How schools manage the safety and security of its students and staff.

Our schools are among the safest places in our community for children and young people. However, from time to time, incidents do affect schools just as they affect communities and society as a whole.

Following such an incident, the principal notifies the Department’s School Safety and Response Hotline so support and advice can be provided to assist the school with the management of the incident. If the principal believes the incident may involve a criminal offence they are required to also notify NSW Police Force.

The School Safety and Response Unit Hotline is available to assist principals 24 hours a day, seven days a week. Senior police and education officers in the unit can provide immediate support and advice on the management of any school-related incident involving violence, weapons, illegal drugs or other criminal activity.

Through the NSW Department of Education and Communities’ commitment to improving transparency and ease of access to information, the reports are being made available to the public. In doing so, the Department is committed to the welfare of students and staff in NSW public schools. As such, references have been removed which could expose a person to a risk of harm or which reveals the identities, or the personal/health information of students, school staff and community members. Information that may prejudice an investigation has also been removed.

The reports are released with a one term delay. Publishing these reports informs the community about significant incidents in public schools and how the Department supports schools through incidents while still protecting students and staff.

The vast majority of schools, more than 88 per cent, did not need to report a single incident in Term 2, 2013. Less than nine per cent of schools reported only one serious incident.

Other - Organised fights are filmed

Narrative

During lunchtime, a teacher observed a fight between two Year 10 males (YP1 and YP2) and intervened. The teacher also observed another Year 9 male (YP3) filming the fight on his mobile device. Upon realising he had been detected, YP3 ran off and hid the recording device.

YP1 and YP2 were offered medical attention even though it appeared that they were unhurt.

The recording device was located and given to the principal. The principal discovered that there was not one but two fights recorded on the electronic device. The first fight involving YP3 and YP2 allegedly happened, undetected, earlier that same day, filmed by another Year 9 male (YP4). The footage also reveals a high likelihood that the fights were organised for the purposes of being filmed.

The principal contacted parents and took appropriate disciplinary action against all of the YPs.

Late in the day, the principal was notified that another fight had allegedly been organised the day before and filmed by YP1. Although this footage is believed to be deleted, the principal will continue to investigate.

Action
SSRU advised:
- contact local police, report the incident and take advice
- consider involving the youth liaison officer (YLO) and/or the counsellor in the suspension resolution meeting
- provide appropriate support and counselling for participants and witnesses
- liaise with the YLO to support education program for students

Weapons Related - Uncontrollable student

Narrative
A Year male (YP) on a was asked to come to the office to follow up on an incident that had happened a day earlier.

The YP began swearing and refused to come to the office. Instead, the YP bought his recess and then tried to leave the school grounds. He attempted to exit near the kindergarten rooms but the gate was locked. The YP picked up a large stick and attempted to use it to break the lock. When this failed, the YP swung the stick around threateningly at the deputy principal (DP) and the school learning support officer (SLSO).

As the YP’s behaviour was escalating, the kindergarten rooms went into lockdown. Soon afterwards, the whole school moved into lockdown.

The police were contacted.

The YP moved to the teacher’s car park and began threatening to hit the cars with the stick. The YP produced what appeared to be a knife and threatened to stab the DP. The DP suspects that the alleged knife was then dropped down the drain at his feet.

The YP began swinging the stick again and struck the DP.

The YP began collecting the dripping rainwater in his mouth and spitting it at the DP. As his clothes were wet, the YP then began taking his clothes off and throwing them at the DP.

The police arrived and the YP calmed down. No knife was found.

The principal contacted the YP’s carers and has taken appropriate disciplinary action.

Action
SSRU advised:
- consider involving the police youth liaison officer (YLO) and/or the counsellor in the suspension resolution meeting
- provide appropriate support and counselling for the YP
- provide staff affected with the contact details of employee assistance support
- review the risk assessment and management plan for the YP, prior to his return to school

Assault - Student assaults Principal and Assistant Principal - Update

Narrative

A Year 1 male (YP) was given a lunchtime detention for misbehaviour. While at detention the YP’s behaviour deteriorated with the YP smashing a window. The room was evacuated for the safety of other students. The principal attempted to negotiate with the YP and the YP refused to comply and leave the classroom.

A short time later the YP left the classroom and walked out into the playground. The YP began picking up sticks and swinging them at staff and students. Students were directed into classrooms and the YP attempted to re-enter the classroom. The YP began throwing bigger sticks at the principal. The school went into lockdown and police were contacted.

The YP then moved around the school banging on windows and doors, picking up large sticks and throwing them at windows. The YP walked to the office block and demanded to come inside. The YP appeared to calm down and the YP was allowed in the office foyer. Once inside the YP lost all control, hitting and kicking the principal and the assistant principal (AP). The YP was physically restrained for the safety of staff and the YP continued to attempt to kick and punch. The YP was placed in a room for his own safety and the YP was monitored until his mother arrived.

The YP’s mother attended the school and eventually calmed the YP and took the YP home.

The YP will be suspended.

Update:
During the incident, the AP (victim 1) was kicked in the knee by the YP resulting in victim 1 losing her footing and falling heavily to the ground on her knee. Victim 1 sustained an injury to her right knee and has reported the injury to work health and safety (WH&S).

After the YP’s mother (POI) arrived at the school, the POI withdrew the YP from the secure space that the YP was located in. The POI was asked to remove the YP from the building but failed to do so.

A short time later, the YP ran at the assembly room door and attempted to gain entry. The principal (victim 2) intervened and closed the door. The YP started to kick and hit victim 2. Victim 2 used a loud voice to instruct the YP to move away. The YP continued to attack victim 2 while the POI was yelling at victim 2. Victim 2 had to repeat the instruction for the POI to remove the YP from the school before she did so.

Threat or Intimidation - Student intimidates teachers

Narrative

A Year 1 male (YP) was asked by his teacher, the assistant principal (victim 1) to finish his work. The YP began crying and became angry.

The rest of the class went out to recess and victim 1 asked the YP to go outside too. The YP refused to go and his behaviour escalated. The YP began verbally abusing victim 1, yelling and pointing threateningly in her face.

Another assistant principal (victim 2) arrived with a card containing the YP's contact details.

The YP began throwing objects and upturning furniture. When the YP saw victim 2 with the contact card and realised that his parents may be called, he began swearing at victim 2. The YP lunged at victim 2 to get the card and when he failed, he attempted to punch victim 2 in the face. The blow was blocked by victim 2 and the YP hit her in the arm. During the scuffle, victim 1 was also elbowed by the YP.

The YP eventually got the contact card and screwed it up.

Victim 2 returned to the office to contact the YP's parents.

The YP remained in an escalated state. When victim 2 returned, the YP was holding a pair of scissors, making stabbing motions towards the victims. Both victims were standing outside the doorway.

The YP then picked up a metre ruler and swung it around threateningly.

The YP put the implements down and ran from the room. In the playground he picked up sticks and again made threatening motions aimed at the victims.

When the YP's uncle arrived at school, he calmed and was transported home.

The school will take appropriate disciplinary action.
